SHOW & SELL SHIFT INSTRUCTIONS

1. At the beginning of your shift before you make a sale, do the following (two adults should verify all of the below & sign on the SHOW & SELL INVENTORY & BALANCE SHEET):
 - Count the beginning inventory.
 - Count the money in the CASH BANK envelope (should be \$100 if provided).
 - Verify that there is no other loose cash or checks in the cash box and donation box.
2. During your shift:
 - Please make a note on the Sales Sheets if a customer paid by check (“ck”) or credit card (“cc”).
 - If a Scout leaves early or arrives late, please draw a line on the Sales Form and make note of the Scout(s) selling the items above the line, and below the line so that the sales for the day may be fairly split.
3. At the end of your shift and before the next shift makes a sale, do the following (two adults should verify all of the below & sign on the SHOW & SELL INVENTORY & BALANCE SHEET):
 - Count the ending inventory.
 - Count the cash donations from the donation box (Don’t combine this with the money from the cash box just yet!).
 - From the cash box, count out \$100 in small bills (preferably fives and ones) for the Cash Bank and place back in the CASH BANK envelope for the next shift.
 - Count the cash collected from sales (do not include the Cash Bank or Donations).
 - Count all checks collected from sales.
 - Place all cash and checks received for sales & donations (do not include the \$100 Cash Bank) in an envelope (see image sample below). Seal it. Write the total dollar amount of cash and checks on the back and have the two people who verified the amount sign over the seal. On the front, write each Scout’s name, Date, Time & Location. Place the envelope in the cash box. Leave the SHOW & SELL INVENTORY & BALANCE SHEET and the sales sheet for your shift with the cash box (or binder).

If you have questions or need help, please see your Popcorn Kernel or Unit Leader. Thank you and happy selling!
