

# First Class Compass Course Albright Scout Reservation

**Control Point Description:** All control points are 12 inch concrete circles buried flush in the ground and labeled with the numbers 1 thru 8. The starting point is Control Point 6 and is 10 feet from the Wilderness Road between the two white oak trees. All bearings are magnetic north. For True North, subtract 10 degrees. To determine your pace count for 100 feet, walk between the 4x4 wood post and the Troop 498 plaque. To get an accurate pace count, walk the distance several times and take an average. These points are located in the corner of Cardinal Loop and Wilderness Road.

Starting at Control Point 6

Leg	Destination	Bearing	Distance
1	Control Point 1	Bearing 157°	Distance 554 feet
2	Control Point 3	Bearing 0°	Distance 596 feet
3	Control Point 5	Bearing 157°	Distance 544 feet
4	Control Point 4	Bearing 293°	Distance 548 feet
5	Control Point 2	Bearing 80°	Distance 592 feet
6	Control Point 7	Bearing 247°	Distance 569 feet
7	Control Point 8	Bearing 45°	Distance 600 feet
8	Control Point 6	Bearing 270°	Distance 440 feet
9	Control Point 2	Bearing 109°	Distance 484 feet
10	Control Point 0	Bearing 270°	Distance 300 feet

Total distance is 5227 feet. Please note there is no Control Point 9.
